

Dear Friends and Family,

**May 15, 2005** marks the **second** annual Vascular Birthmark Foundation's National Day of awareness! VBF is an international charitable organization that provides support and informational resources for individuals affected by hemangiomas, port wine stains and other vascular birthmarks. In addition, VBF sponsors relevant research and promotes education of physicians with regards to vascular birthmarks.

As many of you already know, this is an organization that is near and dear to my heart. As a matter of fact, VBF helped me personally, by putting my parents in touch with a world renowned specialist for treatment of my own facial hemangiomas. Because my family and I are so grateful to VBF for their guidance I would like to give something back to VBF by doing a mini fundraiser of my own in honor of **Day of Awareness.**

Here's how it works: with the help of my mom, I have designed and purchased **1000 turquoise colored silicone bracelets.** Each bracelet is debossed with the message "COURAGE CONFIDENCE VBF". My goal is simple. With the help of my neighbors, friends and family I hope to sell them all and then donate the profits to the VBF.

**Here's your chance to help other children who are affected with vascular birthmarks and to own one of coolest fashion accessories too!**

If you would like to purchase bracelets to show your support for VBF please enclose \$5.00 per bracelet in cash or checks **payable to: VBF.... by April 25<sup>th</sup>** please and mail to:
