# Vascular Anomalies: Concepts and Controversies Berlin – Eberswalde 2016

October 14<sup>th</sup> to 15<sup>th</sup>, 2016

Dear Colleagues,

The Center for Vascular Malformations Eberswalde (ZVM) and the Laserklinik at Elisabeth Hospital Berlin are pleased to invite you to an international multidisciplinary conference on the treatment of vascular malformations in children and adults. This two day meeting is sponsored by the German Network on Vascular Anomalies.

There is rising interest amongst the international medical community in the diagnosis and treatment of vascular anomalies. The ever growing numbers of scientific publications and presentations is a clear marker of such interest. Another trend is the understanding that these complex disease processes are best managed by a multidisciplinary team, ideally, in the setting of specialised centers dedicated to these patients.

Our conference will focus on the treatment of various vascular lesions. We will combine short keynote lectures with controversial discussions (two speakers present pro- and con positions with open audience debate), films and case reports; a format allowing vivid thought-provoking debate.

We welcome you to Berlin and hope that you will become a part of our program!

Lutz Meyer (Eberswalde), Milton Waner (New York), Jörg Seemann (Eberswalde), Dieter Hüseman (Eberswalde), Carsten M. Philipp (Berlin)

**Classification**

09:00 – 09:30 am Classification – *M. Wassef, Paris/F*  
 09:00 – 09:30 am Case Reports: What is this?

**Hemangioma and Co. (NICH/RICH etc.)**

10:00 – 10:15 am Keynote – *J. Rößler, Freiburg*  
 10:15 – 10:25 am Controversy  
 Laser- and Cryotherapy as well as surgery for infantile hemangioma – is there a place for alternative treatments after approval of propranolol?  
*M. Pleimes, Heidelberg; M. Schneider, Bad Rappenau*  
 10:25 – 10:55 am Discussion  
 Coffee break  
 11:15 – 11:25 am Film - Nose surgery – *M. Waner, New York/USA*  
 11:25 – 11:35 am Film - Orbital surgery – *A. Fay, New York/USA*  
 11:35 – 12:00 am Problem cases – NICH/RICH etc.

**Lymphatic Malformations**

12:00 – 12:15 pm Keynote – *M. Waner, New York/USA*  
 12:15 – 12:25 pm Controversy  
 Given the success of Sirolimus (Rapamycin) treatment for Lymphatic Malformations, should this drug become the first line therapy for all children with Lymphatic Malformation?  
 12:25 – 1:00 pm Discussion  
 Lunch  
 2:00 – 2:10 pm Film – Facial Reanimation – *T. O., New York/USA*  
 2:10 – 2:40 pm Problem cases

**Portwine Stain**

3:00 – 3:15 pm Keynote – *C. M. Philipp, Berlin*  
 3:15 – 3:25 pm Controversy  
 Do we ever "cure" Portwine stains? If so, how often?  
*A. Troilius Rubin, Malmö/S; C. M. Philipp, Berlin*  
 3:25 – 3:55 pm Discussion  
 Coffee break  
 4:15 – 4:25 pm Film Laserklinik  
 4:25 – 4:35 pm Film Laserklinik  
 4:35 – 4:45 pm Film – Lip surgery – *L. Meyer, Eberswalde*  
 4:45 – 5:15 pm Problem cases

**7:30 pm Gala Dinner**

**Klippel-Trénaunay und Co.**

09:00 – 09:15 am Keynote – *R. J. Rosen, New York/USA*  
 09:15 – 09:25 am Controversy  
 Aggressive treatment, including venous embolization and sclerotherapy is warranted and effective in managing KTS versus KTS should be managed conservatively, with compression the mainstay of management  
 9:25 – 9:55 am Discussion

**Venous Malformations**

10:00 – 10:15 am Keynote – *J. C. López Gutiérrez, Madrid/E*  
 10:15 – 10:25 am Controversy  
 Venous Malformations management: Consensus and protocols versus personalized treatments  
*R. J. Rosen, New York/USA; M. Waner, New York/USA*  
 10:25 – 10:55 am Discussion  
 Coffee break  
 11:15 – 11:25 am Film – Combined therapy – *L. Meyer, Eberswalde*  
 11:25 – 11:55 am Discussion

**Arterio-Venous Malformations**

12:00 – 12:15 pm Keynote – *W. A. Wohlgemuth, Regensburg*  
 12:15 – 12:25 pm Controversy  
 Early and aggressive treatment versus conservative treatment first  
*W. Utler, W. A. Wohlgemuth; Regensburg*  
 12:25 – 1:00 pm Case presentation and discussion  
 Lunch  
 2:00 – 2:30 pm Case presentation and discussion  
 2:30 – 2:40 pm Film – *R. J. Rosen, New York/USA*  
 2:40 – 2:50 pm Film – *W. A. Wohlgemuth, Regensburg*  
 2:50 – 3:00 pm Film – *J. Seemann, Eberswalde*  
 Coffee break

**Sirolimus**

3:15 – 3:30 pm Keynote – *A. Maruani-Raphael, Tours/F*  
 3:30 – 3:40 pm Controversy  
 Is there an endpoint of treatment? If so, what is it?  
 Sirolimus for Life?  
*J. Rößler, Freiburg; D. Hüseman, Eberswalde*  
 3:40 – 4:10 pm Discussion  
 4:10 – 4:40 pm Problem cases
